

# SPRI PACKAGING

## HEAVY DUTY PACKAGING

SPR has extensive experience in manufacturing films and bags that perform consistently on a multitude of industrial bagging lines.

SPR has extensive experience in manufacturing films and bags that perform consistently on a multitude of industrial bagging lines. Our heavy duty films offer toughness, superior seals and performance, which help achieve **higher production rates, less down time and improved productivity**. Attention to detail and state-of-the-art printing and converting equipment allow us to make products that stand out among the crowd when displayed in the retail space.

## CONVERTING FILMS

SPR is a dedicated supplier of mono and coextruded films for a variety of applications and end uses.

SPR is a dedicated supplier of mono and coextruded films for a variety of applications and end uses. As a consumer of our own extruded films, we understand the importance of consistent film quality. SPR extrudes films according to your specifications in order to create a custom, high performance product.
